

EXTENSIVE PLANS
MADE FOR OLD SET-
TLERS MEETING

Great Plans Are Being Laid for the Fourth of July Meeting at Ruggles Camp Grounds With Col. Geo. Bain as Orator of the Day.

Col. W. H. Thomas, of Burtonville, Acting president of the Old Settlers Association of Mason, Fleming and Lewis counties, was in the city Saturday in conference with the officers of the association arranging for the annual reunion and patriotic picnic to be held as usual on Ruggles Campground on the Fourth of July. The association is offering the best program of its history for this coming reunion and old Ruggles will no doubt draw thousands to enjoy the glorious fourth on its beautiful grounds and pleasant associations. Col. George W. Bain, noted throughout the United States and Canada, and one of Kentucky's silver-tongued orators, and as a lecturer par excellence. During his long career as a lecturer and public speaker on a variety of subjects he has spoken at all the leading assemblies in this country and Canada. Such great men as Champ Clark, Billy Sunday, Bishop McIntyre, Dr. Frank Gunsaulus, Sam Jones, Lou Beauchamp, and many others of like character after hearing Col. Bain have given eloquent testimonials as to his ability to entertain, instruct and help. His lectures abound with wit, humor, poetry, pathos. And as one great authority says: "Behind his silver tongue is a heart of gold, while his wit and wisdom are diamonds in their brilliancy." Col. Bain will give a lecture that is especially appropriate for an "Old Settlers" meeting—"If I Had Life to Live Over." Besides Col. Bain the association will announce in a few days the name of another popular speaker whose name is sure to draw the crowds. It will be the day a big one. For music the Tullahoma band has been engaged. Those who heard this band during the recent Knights Templar convocation will know that music of the best will be heard.

Major John Walsh, secretary of the association, who has shown his gifts as a decorator for several years, will superintend the decorating of the tabernacle for the occasion. The confectionery and lunch privileges will be placed in hands that will take care of the wants of the inner man. However, everyone is asked to bring well-filled baskets of good lunch for the "big spread" under the trees.

The Fourth is also the time of the meeting of the Campmeeting Board of Directors to make final plans for the campmeeting. Privileges will be let, improvements agreed upon, and everything possible will be done to make ready for the big campmeeting and Epworth League Institute the dates of which are July 27th to August 6th. Make your plans to spend the Fourth at Ruggles.

CIVICS COMMITTEE.

CITY BEING RE-RATED
BY INSURANCE EXPERTS

Experts of the Kentucky Actuary Bureau, Louisville, Are Looking Over City Fixing Fire Insurance Rates.

Five experts of the Kentucky Actuary Bureau, Louisville, the state's rate-fixing body for fire insurance rates, arrived in Maysville Monday and Tuesday morning began a careful inspection of the whole of the city with the idea of bringing the city's fire insurance rates up-to-date.

Maysville has not been inspected by the rate fixing bureau for a number of years and it is very likely that there will be many changes made in the rates now in force. They will be raised under certain conditions and where improvements have been made to reduce the fire hazards, the rates will be lowered accordingly.

The city's basic rate will be fixed with many things in view but the condition of the city's water pumping station will probably figure more prominently in the fixing of this basic rate than any other one feature.

The experts expect to complete their work here in a few days and the new rate will be announced shortly thereafter.

Lexington, Ky., May 31.—William Worthington, 53 years old, Judge of the Fayette Circuit Court, died Monday afternoon at St. Joseph's Hospital following an operation for gallstones. He was taken to the hospital a week ago, but had been in ill health for several weeks, several times being forced to relinquish the bench, to which he was elected last November.

His widow and two sons, William and Frank, survive him.

For a number of years he served as referee in bankruptcy for the Lexington district in the United States District Court, the appointment having been made by Judge A. M. J. Cochran. Judge Worthington, the Republican nominee, defeated former Congressman W. P. Kimball, Democrat, in the election last November. He succeeded R. C. Stoll, who is now serving as Special Judge.

MAYSVILLE HONORS
HERO DEAD IN MUSIC,
ORATORY, FLOWERS

Local "City of the Dead" Blooms On Memorial Day—Music and Oratory at Municipal Band Stand At Night.

Maysville halted Tuesday in memory of those who gave their lives in the American wars.

There was no elaborate program for Memorial Day as had been arranged in other cities but fitting honor was paid those who gave their lives for their country. There was practically no business in the city after the noon hour. Hundreds journeyed to the cemetery to place flowers upon the graves of their dead. The Maysville Cemetery was beautiful despite the fact that there was an unusual scarcity of flowers this year just at Decoration Day time.

On Tuesday evening our famous Cardinals Band played one of its most delightful concerts at the municipal band stand and Rev. Fred Riley, of Aberdeen, a British veteran, and Hon. James N. Kehoe delivered orations.

The colored American Legion Post held fitting services at the Colored Baptist church on Tuesday afternoon. Taken in all the day was well celebrated. The thoughts of all were turned at sometime during the day to those who have "gone ahead."

"THE VICTIM"

IS ONE GRAND PICTURE.

No more beautiful portrayal of mother love has ever been screened than "The Victim" which is the special photoplay offering at the Pastime Wednesday and Thursday. It ranks with the greatest mother picture "Over the Hill." A drama so powerful in its story, acting and suspense that one practically feels the agony of an innocent man about to die; circumstantial evidence was against his punishment. The all-star cast includes Robert T. Haines, Harry Benham, Joyce Fair and many others.

EASTERN STARS GOING
TO BROOKSVILLE.

The Maysville Chapter Order of the Eastern Star will motor to Brooksville next Monday evening to confer the degrees of the order upon a class of candidates. The local officers will be accompanied on the trip by about fifty members of the order.

Graves of all Confederate Veterans who sleep in local cemeteries will be decorated during the day and appropriate services will be held in the Maysville Cemetery. There will be music by the Boys' Band and the Memorial Day address will be delivered by Hon. Charles D. Newell, Circuit Judge of this district.

The daughters will entertain at the Leslie H. Arthur Post American Legion home in Sutton street. Mrs. Carolyn Russell will be hostess for the day. Dinner will be served at noon to the surviving veterans and a number of invited friends.

A LETTER FROM LEON MERZ, THE PRESIDENT OF THE "ROYAL" WAIST FACTORY.
THE HAGERDORN-MERZ CO.
Philadelphia, Pa.

May 18, 1922.

MERZ BROS.,
Maysville, Ky.

Dear Boys:—

I was very much surprised to see from your letters that after June 10th it will not be possible for stores in Kentucky to issue trading stamps, and I think your idea to give the people in Maysville the opportunity before you discontinue your stamps, to fill all their books and receive their premiums is a very creditable thought.

Your letter requesting me to help you in this sale is received and, as usual, I cannot refuse, so I am sending you today a wonderful lot of waists including nearly 100 made in our Porto Rican factory entirely by hand. In addition to this I am sending you about 150 neckwear sets made in our Porto Rican factory, and about 100 neckwear sets made in our Philadelphia institution.

I have also sent you about 50 jumper dresses which, by the way, are coming very strong again to the sport lovers of the female sex. So, at the prices which I have billed these to you and the charge you will be able to transfer them to the ladies of Maysville. I feel sure that even were no stamps dispensed with them they would never have received such bargains.

I have also sent you about 12 dozen Royal Silk Hose, which represent samples and odds and ends in various colors. Run these in your sale at \$1.95. Of course, there will be no duplicates at this price.

I hope every one in your community who has a book will have same filled by this sale and cashed in on the premium so that Merz Bros. will not be under obligations to anyone by a single stamp unredeemed.

With very kindest regards to all, I am, Your affectionate brother,

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

COMPULSION.

Among the "remarkable remarks" published by the Independent and the Weekly Review is this, from former Vice President Marshall:

"If I had the power, I would make every child in the United States attend church."

Many will have sympathy with this thought; more will have sympathy with the purpose back of it than they will with the idea itself.

Just how much good it would do to compel every child to go to church is problematical. It would do some good, of course; but it would do some harm, too.

For when you attempt to compel people to do what they ought to do, what is good for them to do and bad for them not to do, you get into something psychologically deep. Many a person who habitually refrains from church-going persists in that attitude because it is a reaction from a period when stern parents compelled church-going. This church-going, which ought to be vastly otherwise, grew into a concept of something that they had to do but didn't want to do because they had to. When parental discipline was shake off, they quit going because they no longer had to.

Many a grown person today is missing a great delight in life because he hates the "classics" in literature. He hates them because when he went to school the classics were forced upon him as something he had to take because it was good for him. Having associated compulsion with these gems of literature, he lost no time, when the compulsion ended, in blotting them out of his life forever. Some in later life, approaching these very classics in forgetfulness of the old association, have found delights they had never suspected.

People who are good because they have found it best to be good get more out of goodness than people who have been good because they had to be. A great many people, maybe most people, have to be tortured half to death by the pains that grow out of sin before they learn to appreciate the peace and calm that are the rewards of living in harmony with the principle of goodness.

People don't go to church enough, and too many never go at all. If they only knew it, they are missing a great deal. They are missing, indeed, all the real substance of life; and not all the pleasures of the world can ever make up for it. Not that just going to church is the real substance of life, though it is a tremendously good thing in itself; but that the spirit that they ought to get out of church-going and out of what they learn in church, is, if they live it, the real substance of life as it should be.

But it is doubtful if this good could be gained always by those who went to church because they were compelled to. If there were a rigidly enforced law requiring everybody to go to church. It is doubtful if that law would produce any great increase in the spirit of religion, and it might very easily work the other way.

If we had had the saying of that "remarkable remark" of Mr. Marshall's, we believe we would have said it this way:

"If I had the power I would make every child in the United States WANT to attend church."—Duluth Herald.

The city officials should be ashamed to waste the water they do at the Market street fountain.

Washington, D. C. — An essay by Geroy Carter, a pupil in the Paducah, Kentucky, public schools, won first honors for the state in the national safety campaign with an excellent composition on the subject "How I Can Make the Highways More Safe." It was announced here by the Highway and Highway Transport Education Committee.

First honors in the teachers' contest went to Miss Olla Masner, 134 East Sixth street, a teacher in the Lexington, Kentucky public schools. Her lesson represents the state before the national lesson committee, and the essay by Mr. Carter represents the state before the national essay committee, both bodies charged with the award of three grand prizes. In addition Mr. Carter receives a gold medal and fifteen dollars, although no state prize was given teachers.

Downing, Arlington school, home address 330 Oldham avenue, Lexington; William Rawlings, Green and Third streets, Henderson, and Ermine C. Russell, Trenton.

Awards were made by a committee named by Dr. George Colvin, state superintendent of public instruction, who encouraged pupils and teachers to participate in the interest of public safety.

In announcing the result of the contest in this state, in which thousands of pupils and teachers participated, the committee also made known the personnel of the two national committees to grade the best essay and the best lesson respectively from each state.

Members of the national lesson committee are: William Phelps Eno, of Washington, D. C., president the Eno Foundation for Highway Traffic Regulation, chairman; Dr. Thomas E. Finegan, Harrisburg, Penna., state superintendent of public instruction of Pennsylvania, and W. J. Funk, of New York City, vice-president Funk and Wagnalls, publishers of the Literary Digest.

Members of the national essay committee are: Mrs. Warren P. Harding, honorary chairman; Senator Coleman du Pont, Delaware, chairman; Mrs. John D. Sherman, Estes Park, Colorado, chairman applied education committee, General Federation of Women's Clubs, and Dr. William T. Bowden, of Washington, D. C., assistant to the Commissioner of Education.

The lesson committee will consider one lesson from each state and territory, and will award three grand national prizes, consisting of \$500 and a trip to Washington, \$300, and \$200 respectively. The essay committee will read the best essay from each state and territory, and will award three national prizes, the first a gold watch and a trip to Washington, the second a gold loving cup and third a silver loving cup. All prizes offered in the contest are given by the National Automobile Chamber of Commerce.

It is estimated by the committee that more than 400,000 students, and approximately 50,000 teachers participated in the campaign. A similar campaign, having for its aim the reduction of automobile accidents, will be undertaken next fall.

B'G SLASH IS MADE IN SALARIES OF RAILROAD MEN

Labor Board Announces a Reduction of Forty-eight Millions of Dollars in Salaries of Maintenance of Way Workmen on Roads.

Chicago, May 29. — The 400,000 maintenance of way employees of the nation's railways face a \$48,000,000 wage reduction ordered by the Railroad Labor board and effective July 1. This order, the \$400,000,000 slash of last July and pending orders affecting other classes, if they carry the same ratio of reductions, will place railroad labor where it was before the \$600,000,000 increase of May, 1920.

Impending decisions governing the wages of 500,000 railway shopmen, 200,000 clerks, telegraphers, station employees and other classes, are expected to follow soon. With their settlement over working rules pending, the "Big Four" brotherhoods and the switchmen are not yet involved in any wage dispute before the board. These classes underwent a 12 per cent. reduction last July.

The Executive council of the United Brotherhood of Maintenance of Way Employees is expected to take up the matter of this wage cut and B. M. Jewell, head of the railway department of the American Federation of Labor, predicts the men will vote against accepting the cut. The three labor members of the board dissented from the decision, which was signed by the three members representing the public and the three railroad members.

ROOSTERS GIVEN BLAME FOR SUMMER EGG LOSSES.

Lexington, Ky. — Roosters allowed to run with poultry flocks during warm weather cause Kentucky poultrymen and farmers a loss of almost one million dollars each year in the form of fertile eggs that spoil on their way to the consumer, poultrymen at the College of Agriculture say. The production of infertile eggs and the prevention of a large part of this loss requires that owners of laying hens sell, kill or confine all roosters as soon as the hatching season is over, they say. Hens without a rooster lay just as many eggs as those allowed to run with a rooster, it was pointed out.

New York Letter

by Lucy Jeanne Price

New York. — The world belongs to youth and so do its joys and its sorrows. At least that is the decision of Cornelius Fitzpatrick, 82 Jefferson street, Hoboken. Last Sunday, his daughter Margaret, 18 years of age, had a beau. Mr. Fitzpatrick walked in to the parlor and very cordially interrupted their conversation. What did Margaret do? Weep at the parental wrath and weepingly say "Goodbye" to her suitor? Not she. She telephoned for the police, and they declared Cornelius was disturbing the peace unwarrantedly, and took him off to jail, while Margaret returned to the parlor and talked to her young man in peace.

—NY—

We are already working on the "crime wave of 1932", here in New York, having grown somewhat discouraged in trying to do anything about that of '22. The Henry Street Settlement has made that its specific goal in its extensive campaign to do away with boys gangs. The gangs are made up of school boys, Miss Lillian Wald, settlement head, explained, whose love of excitement leads them to make heroes of the gunmen and hand it operating in the city.

The careers of budding geniuses or just ordinary boys and girls of real talent are taken considerably more seriously by their families than they used to be, I believe. Today, instead of hearing stories of tyrannical parents locking a boy up to keep him from his violin, we hear of them packing up all their household goods and moving to an art center where he can study to best advantage, changing their own lives for the sake of this gift. I was tremendously impressed with that the other day, when I was talking to some students at the Institute of Musical Art here in New York. I expressed surprise that so many of them lived in New York — and that their families lived here. I had thought of that school as being a cosmopolitan place, one of the musical gathering places of the country and the world. "But you don't understand," cried one of the girls. "Our families live here just because of us. Of course we have come from all over. We are from all parts of the country and a few of us from Europe, but our families understand the hard work we will be doing here, and that it means solid devotion for three or four years, anyway, so they come with us to give us homes while we work. You see those of us who come here, come with the idea of becoming real artists or exceptional teachers. It is a serious thing. We don't come unless we have definite talent, which our families and ourselves take with tremendous seriousness. It is big enough to become the great family interest, so our families as well as ourselves are dedicated to the work

during our studentship."

One of our best known public statues in New York is that of Nathan Hale, down in City Hall Park. The Revolutionary hero stands with his hands tied behind his back, and victorious surrender on his face. The story is going the rounds this week of a present city official who was walking through the park with one of his commissioners. As they passed the statue, the Commissioner said, "Mr. Official, don't you think that statue of Nathan Hale, is a beautiful piece of

The first American gun to fire a shot in the World War was carried through the city streets the other day as the center of a mounted artillery parade. One battery of the Provisional Sixth Field Artillery of the First Division, the battery that fired the first shot across the lines, made up the parade, which opened the intensive drive for enrollment in the Pittsburgh Citizen's Military Training Camps.

Reform from within is evidently effective when it's tried. A group of actors were so offended by what they and the dramatic critics called a flagrantly indecent dance in a production which opened here recently, that they went to the director and demanded it be changed. They protested their objection to being a part of any performance in which the dance was given as it was. Their demand was granted immediately and the dance made unobjectionable.

SEIZE \$12,000 WORTH OF BOOZE FOR MEXICANS.

Bridgeport, Ont. — Great interest is attached to the test case now being fought out between the provincial authorities on one side and the American Exporting Company, of Belleville, on the other, in respect to what is believed to be the first shipment of liquor for Mexico en route through the United States.

cently by the provincial authorities of 200 cases of liquor consigned to the National Import Company of Mexico City Mex. This was seized by provincial police while being loaded into a craft about to depart to the states.

James K. Haverson, regarded as the leading authority on temperance legislation in Ontario, is defending the export company, while Crown Attorney Carney, of Hastings, who had made a reputation himself in such test cases is prosecuting on behalf of the Ontario government.

The contention of the authorities is that the liquor was being shipped to the states merely as a blind, while the contention of the export company is that so long as it was obeying Dominion export regulations, it did not make any difference whether the liquor was being shipped to Montevideo or Peoria, Kan.

IS THIS YOUR EXPERIENCE?

Many Maysville People Are Afflicted With Annoying Kidney Ills.

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Maysville people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

George H. King proprietor grocery store, 615 East Second street, Maysville says: "I have used Doan's Kidney Pills off and on for several years and have been greatly benefited by them. At times my kidneys get out of order and the secretions pass irregularly. I suffered with a severe back-aching through the small of my back. Whenever I have one of these attacks I use a box or so of Doan's Kidney Pills and they never fail to cure the complaint in a short time." (Statement given November 15, 1916.)

PERMANENT BENEFIT.

On November 22, 1920, Mr. King added: "The cure I spoke about in my former statement has proved absolutely permanent. I haven't had the slightest sign of kidney trouble since giving my testimony in favor of Doan's Kidney Pills in 1916."

LARGE LOAN OFFERED TO MASON FARMERS

Farm Loan Association Offers to Make Large Loan to Farmers of Mason County Through Local Branch.

Mr. H. W. Cole, Secretary-Treasurer of the Mason county branch of the National Farm Loan Association, has just returned from Louisville where he was in conference with officials of the association for the state of Kentucky and immediately upon his return, Mr. Cole announced that he had been able to obtain quite a large loan for farmers in the county.

The National Farm Loan Association makes long-time loans to farmers actively engaged in the business of farming at very reasonable rates of interest.

Mr. Cole announces that he is ready at once to negotiate loans in any amount and will be glad to take the matter up with any farmer interested at his office in the Farmers & Traders' Bank building.

Mr. George M. Dickey, of Cynthia, visited relatives in Maysville Wednesday.

HEALTH THE SECRET OF ATTRACTION.

Women of today depend a good deal upon the modern modiste and a knowledge of the cosmetic art to make them attractive. Too often there exists beneath it all a suffering woman whose nervous laugh or forced smile covers a pang of agony caused by some feminine ill. To such a woman Lydia E. Pinkham's Vegetable Compound will bring health and a happy relief from her suffering, that will make her far more attractive than costly gowns and cosmetics.

For nearly fifty years American women have relied upon this root and herb medicine to relieve their ailments.

CARDINALS WIN MEMORIAL DAY GAME WITH PARIS TEAM

Shaw Is Credited With Another Shut-Out When Club Defeats Mammoths By 2 to 0—Cynthia Wins.

The Cardinals started their second string of victories after being stopped at Winchester Sunday, by taking the Paris Mammoths into camp in an exciting contest when Shaw and Miner engaged in a pitchers' duel. It was the third shut-out of the season in five games for the little hurler and his game Tuesday was up to standard for the Mammoths could gather but five safeties off his slants. The Cardinals runs came one at a time in the fourth and sixth the latter being of the earned type. In the fourth Harding walked, went to third on Margerum's single and scored on an infield out for the first tally. Slayback singled and scored on Kresser's three bagger for the final marker in the sixth. The Paris club since their additions to the line-up is now one of the strongest of the circuit and their first appearance here soon is looked forward to.

NOTICE to ICE CONSUMERS

On June 1st we will establish an Ice Delivery System in connection with our business, giving the public an opportunity of buying their Ice direct from the factory. Our motto will be, "To please, give full weight and good service."

After thoroughly investigating the different methods of delivery we have adopted the Coupon System. The most progressive Ice Companies throughout the country use this system and they say it is the only safe and accurate way for the customer to buy Ice.

When you buy Ice with the coupons there are no accounts to keep, no hunting around for a misplaced purse, no annoyance in making change, no leaving important household duties to "wait upon" the Ice Man—and numerous other advantages. We are sure you will be highly pleased with this method.

One company writes us as follows: "Lots and lots of people took the trouble last summer to write or phone us complimenting our Company for making it so easy to buy Ice."

Everybody who buys Ice the coupon way has nothing but praise for the method.

Until further notice our prices will be as follows:

FAMILY TRADE—DELIVERED

Strips of eight 12½ pound tickets \$.55 Cash only.
500 pound coupon book \$2.75 Cash—\$3.00 Charged.
1,000 pound coupon book \$5.50 Cash—\$6.00 Charged.

WHOLESALE TRADE—DELIVERED

3,000 lb coupon book, 300 lb deliveries, \$13.50 Cash—\$15.00 Chg.

AT THE FACTORY

50 lb \$.25
100 lb \$.45
300 lb and over \$.35 per hundred.

Call our office, Phone 138, and order your book, or if you prefer we will have our representative call and take the matter up with you in person.

This emblem will be on all our trucks, meaning that we are members of the National Association of Ice Industries. Pledged by it to give you pure Ice, full weight, and good service.

This arrangement is for the purpose of giving additional service and does not interfere with patrons who may desire to continue with the present deliverymen.
